

Advanced Feeds

Western Australia's Leading Equine Nutrition Experts

Advanced Feeds Stud range has been specially formulated to meet the individual nutritional requirements of mares, foals and yearlings.

LACTATING MARE SUPPLEMENT

- ✓ A supplement for lactating mares formulated for Western Australian conditions.
- ✓ A concentrated supplement to support the extra demands for mare and foal.
- ✓ Provides vitamins, minerals, amino acids and trace elements which are generally below requirements for optimum milk production in standard grain and hay based rations.
- ✓ Essential amino acids lysine and methionine added to optimise protein utilisation.
- ✓ Assists in maintaining peak milk production from foaling to weaning.
- ✓ Cost effective supplement for addition into feed
